BRONSON, GRAVES & SELOVER,

OF THE

Washington Street Nurseries,

GENEVA, N. Y.,

Respectfully invite your attention to the annexed

WHOLESALE PRICE LIST.

We have for sale the present season the largest, fullest and most complete stock of Trees, Plants and Vines that we have ever offered.

Our trees are grown mostly upon land, on which trees were never grown before, and, with very little, or no manure; they are consequently very healthy and fine.

We solicit a correspondence, or your personal inspection of our stock, assuring you that we will use every exertion to give satisfaction in the selection.

We make charge sufficient to cover the cost of Boxes or Bales, and deliver the Trees at the Railroad, Steamboat, or Express, after which they are at the risk of the purchaser.

Terms Cash, or Note, payable at some Bank.

Address all orders or letters of inquiry,

BRONSON, GRAVES & SELOVER,

Washington Street Nurseries, Geneva, N. Y.

Grape Vines.

We do not pretend to have grown the new Native Grape Vines by any patent process, the present season, or by the "million,"—thus sacrificing quantity to quality; but we do claim that by giving them plenty of room in the borders, and by the most careful management, and with our increased facilities for the work, we have succeeded in growing a large and very choice lot of plants, which we think unsurpassed by any in the market.

We invite the particular attention of the trade, especially to our stock of Iona, Israella, Adirondac, and Delaware Vines, which we offer in large quantities, and at low rates, by the thousand.
